

SOLAR ENERGY MORATORIUM PETITION

To be delivered to: Governor Baker, Secretary Theoharides and Legislators

We, the undersigned, demand an immediate moratorium on solar subsidies and approvals unless they meet these standards:

- **On rooftops or existing infrastructure**
- **If ground-mounted: limited to 5 acres or less and land not cleared within the last five years, and no impacts on:**
 - Biodiversity including plants and animals listed under the Massachusetts Endangered Species Act,
 - Forests, protected open space or agricultural land,
 - Native American cultural areas as determined by Massachusetts' Indigenous people,
 - BioMap 2 Critical Natural Landscape Core Habitat, Important Habitat, or Priority Habitat, or
 - Outstanding Resource Waters, wetlands or rivers.

Today in Massachusetts these projects threaten at least 1,700 acres:

● **Acushnet:** 0&88 Wing Lane 11 acres* • **Carver:** 204 Plymouth Street 15 acres* • 223 Meadow Street 15 acres* • 40 Fuller Street 213 acres* • 0 Meadow Street 7 acres* • **Dartmouth:** 0 Hixville Road 13 acres • **Northfield:** 0 Pine Meadow Road 130 acres • **North Hadley:** Shattuck Road 8.5 acres • **Norton:** 54 Plain Street Solar 11.4 Acre • **Stoughton:** Heron Crossing Solar Project 19 acres • **Shutesbury:** Amp Energy Solar Project 190 acres* • **Wareham:** 0 Jordan Road 11 acres • Fearing Hill Road 44 acres* • 0 Maple Springs Road 430 acres • 36,44,48 North Carver Road 46 acres • 370 County Road 60 acres • 1-13 North Carver Road 60 acres • 140, 150 Thonet Road and 27 Charge Pond Road about 300 acres* • Off North Carver Road 77 acres* • **Winchendon:** Ecos Energy Solar Project 70 acres* • **Walpole:** 1377 North Street 17.5 acres • 400 Main Street 7.7 acres • **Williamsburg:** 95 Main Street 15 acres*

*includes battery storage
